- Javascript, JQuery
- Bootstrap - All Version's
- CSS,CSS3
- PSD TO HTML
- Git Hub
- React Js, Redux Toolkit
- Photoshop & Figma
- Canva & Photopea
- Full Responsive Design
- Wordpress

### WORK EXPERIENCE

#### Senior Front-End Developer

##### Quirinus Solutions

**1 Years ( 2023 - 2024 )**

I lead frontend development projects with a focus on delivering seamless, high-performing, and user-friendly interfaces. Whether it's an academic platform like Assignment Expert Help or an elegant e-commerce site like Kika Jewels, I adapt to different tech stacks and business goals with ease.

- Spearheading the frontend architecture for projects across various domains and technologies
- Ensuring smooth integration with back-end systems for fully functional web apps
- Collaborating with designers via Figma to bring UI/UX concepts to life
- Crafting responsive, device-friendly layouts to ensure a consistent user experience
- Translating wireframes and mockups into clean, maintainable, and scalable code

#### Junior Front-End Developer

##### Login2Design Technologies

**2 Years ( 2021-2023 )**

- Successfully contributed to the development and enhancement of web applications for diverse
- clients, ensuring high-quality and user-centric front-end solutions.
- Collaborated with cross-functional teams, including UX/UI designers and back-end developers,
- to implement responsive and visually appealing interfaces.
- Played a key role in utilizing Figma for design collaboration, prototyping, and creating
- seamless workflows.
- Demonstrated expertise in HTML5, CSS3, and JavaScript to develop interactive and dynamic web pages
